FEDERAL AID JOBS

We read in the paper where a farmer couldn't get a job on the federal relief work no matter how bad he needed the money, so we are wondering why a town chairman was hired when it is contrary to law. Among other things he is a farmer, storekeeper, gas dealer, milk hauler, town chairman (with a salary of $75 a year) and also receives pay for town road work.

Who is responsible for things like this happening and isn't it the cause of a lot of hard feeling? Investigate and then give the work to needy and worthy people.

Sincerely,

Mrs. Otto Russian.
